1:1 - what does it mean for students?

1:1 (One to One) is where, in a school, each student has their own dedicated device which they use as part of their learning.

The device belongs to the student, so they use it both in school and for studying at home.

1:1 supports top 10 skills of the future

The image features a solid orange background. In the center, the text "Any questions?" is written in a large, white, sans-serif font. Surrounding the text are four hands of different skin tones, all raised with palms facing forward. The hands are positioned at various heights and angles, creating a sense of collective participation. The leftmost hand is light-skinned and has a white bandage on the wrist. The second hand from the left is dark-skinned and wears a blue and white patterned sleeve. The third hand is light-skinned and wears a denim sleeve. The rightmost hand is dark-skinned and wears a light blue button-down shirt sleeve. In the bottom right corner, there is a small white square logo containing a stylized orange circular icon with a white dot in the center.

Any questions?
